A f t e r w o r d

There might
have been a
time when she
wore a wig?

I think she
might have
been a bit
chubby once..

Volume two came out. It took over two years, but since each chapter only took a little time it didn't actually feel like... okay, okay, I'm sorry. I shouldn't have kept you all waiting. And it's not even finished. Honestly, I expected that even two volumes would be stretching it in terms of content, but, well, yeah. Come to think of it, it's been nearly seven years since the first chapter was published.. Wait, what? Doesn't that make this the longest running series I've ever done in terms of time for published volumes? Even *Genshiken* Nishikubo finished up after six years... Damn! I guess I didn't want to think about it, haha. Anyway, we're delving deep into unknown territory now, but I'll do my best to see us through. Hope you'll come along for the ride!

These two have been showing up so much
(the online-only extras are pretty much just them)
mostly because my editor Mr. Ika really likes them.
So if you see them more from now on, you know why.
